INSTRUCTIONS:

Columns A and B:

If your site is testing all eligible seniors, list each student's name and location.

If your site is testing a sample of eligible seniors, follow the Random Sampling Instructions.

Column C: When you receive test materials, assign each selected student a unique ID number from the upper right corner of the answer document. See instructions in the Test Administration Guide.

Column D, E, F, and G: Use these columns to track the attendance of each student. See instructions in the Test Administration Guide.

Column H: List relevant comments for the school record.

Column I: Complete if your site requested composite reports about a particular group of students. Use codes provided by ETS. These codes correspond to the section labeled OPTIONAL on the cover of the answer document. See instructions in the Test Administration Guide.
